

EV House Party

Wednesday, May 15, 2019

7 – 8:30 pm

- Interested in owning an electric vehicle?
- Want to help make the transition to fossil fuel-free living?

If you answered “YES” to both of these questions, then you’re invited!

The Corvallis Sustainability Coalition sponsors EV House Parties, hosted by Corvallis residents who want to help community members realize the benefits of electric vehicles.

Each party includes informal conversation with local EV owners, a brief program about EVs, a chance to ask questions – and an opportunity to take a ride in an EV!

RSVP To sign up for the May 15th EV House Party or to attend a future party, please contact Annette Mills at info@sustainablecorvallis.org or call 541-230-1237.
